#### The Competition

- Horse tipping comp running from the 13th March - 17th April inclusively.
- Spots available. (last year we had 106 entrants)
- Entrance fee \$50 per player (see website for payment details)

#### Prize Money

Prize money will be paid in the following format and amounts may vary depending on how many entrants we get this year. Last year's Autumn carnival paid the following:

- 1st prize: \$2,200
- 2nd prize: \$800
- 3rd prize: \$500
- 4th prize: \$400
- 5th prize: \$300
- 6th prize: \$150

Final prize money will be published when we have our total number of entrants.

In the event of a tie all prizes will be split. eg.

- if there is a tie for 1st then prize money for 1st and 2nd will be split
- if there is a tie for 2nd then the prize money for 2nd and 3rd will be split
- if there is a tie for 3rd then the prize money for 3rd and 4th will be split
- if there is a tie for 4th then the prize money for 4th and 5th will be split
- if there is a tie for 5th then the prize money for 5th and 6th will be split
- if there is a tie for the longshot then that prize will be split as well.

#### Weekly Winner

There will be a weekly prize of \$100 to the best tipper of the week for every Fluking meeting. In the event of a tie, the weekly prize will jackpot to the next week. On the last day (All Aged Stakes) in the event of a tie for the weekly jackpot, the prize will be awarded to the punter with the highest overall score. In the unlikely event that a tie still exists, the prize will then be split evenly.

#### Leaderboard

There will be a leader board and newsletter update each week, with reminders about which races selections that are next required.

### The Rules

- Tip one horse in every selected group race for the carnival (see below for the list of races)
- Earn points if your selected horse wins or places
- STAB dividend will be converted into points ( i.e. - a winner paying \$5.50 will earn 5.5 points )
- If the punters horse wins the punter can only receive win or place points, not both.
- Feature Races will carry double points (Golden Slipper, BMW, Doncaster, Queen Elizabeth and All Aged Stakes)
- All selections must be entered on to the website by 11.00am of the morning of the race day
- **NO EXCEPTIONS** (this will enable all punters to view each others tips on the website )

### Lucky Long Shot

- In addition to selected races, on each race day, each player can submit one horse from any race ( race 1-10 at that venue ) as his lucky long shot to earn extra points.
- The long shot must pay at least \$10 win or \$3 place to count as a long shot and go onto points tally.
- Lucky long shot will be capped at a maximum 40 points for the Flu-King comp (ensuring a closer comp)
- Lucky Long shot cannot be the same horse as any other picked by the punter on that day,thus no tripling up.
- If your long shot is scratched you will not be given a replacement it is just plain bad luck
- The Lucky Long Shot cash prize will not be capped and go to the highest priced winner.

### The Winner

Player with most total accumulated points for the carnival wins !

### COVID-19 and Horsfluking

The competition will run as stated. IF we go through the six weeks unaffected, fantastic. However, In the event of suspension of racing the competition may be modified. If planned races like The Doncaster don't proceed, and then racing recommences – we may nominate new race days to tip on. We require at least 4 race days for the competition to be live. If four or more events proceed, we will pay all positions at the

conclusion of 6 meetings or June 30 - whichever is earliest. This includes all payouts for the longshot and weekly winners.

#### Scratchings

- As we are putting in tips on the morning of each race day, any selections made that end up being scratched will be substituted with the STAB Sub
- In the unlikely event that you choose an emergency as one of your selections and that selection does not run in the race the above will not apply. (you will not be given a substitution) Choose an emergency at your peril
